

# 永續環境研究與教育中心

## 中文中心簡介

臺灣於100年6月5日正式實施環境教育法，讓臺灣繼美國、日本、韓國、巴西、菲律賓等國家之後，成為全世界第六個明確訂定環境教育相關法律的國家，也使臺灣環境教育從輔助推動與選擇性參與的政策成為具有法源依據的強制性政策。其中，永續環境教育所涉之議題層面十分寬廣，如何於教育過程中落實朝向建構環境永續性願景之未來，現代政府應以朝向建構一個環境教育及永續環境機制，並確保自然資源永續發展和將永續環境教育融入民眾生活中為努力的方向，而如何利用環境教育保育生態資源及融入日常生活中，並結合產、官、學界等社群資源，保護社會環境及建構永續環境，是永續環境教育中心之主軸。本中心主要目標在於根據聯合國的「全球永續發展目標」（Sustainable Development Goals, SDGs）下，藉由產、官、學界合作，協助推動各式環境教育發展之活動、課程，培養青年學子對社會環境的認知和價值，以達提昇國家永續環境教育之發展及環境教育青年化，進而建構永續環境之家園。

## 英文中心簡介

Taiwan officially implemented the Environmental Education Law on June 5, 2011, making Taiwan, after the United States, Japan, South Korea, Brazil, the Philippines and other countries, become the sixth country in the world that clearly stipulates environmental education-related laws. Environmental education has changed from a policy of auxiliary promotion and selective participation to a mandatory policy based on law. Among them, sustainable environmental education involves a very wide range of topics. How to implement the future towards the construction of environmental sustainability in the education process, modern government should be oriented to construct an environmental education and a sustainable environmental mechanism, and ensure natural resources sustainable development and the integration of sustainable environmental education into people's lives are the direction of our efforts. How to apply environmental education to conserve ecological resources and integrate into daily life, and combine industry, government, academia and other community resources to protect the social environment and build a permanent sustainable environment is the main axis of the sustainable environmental education center. The main goal of the center is to help promote various environmental education development activities and courses through the cooperation of industry, government, and academia under the United Nations' Sustainable Development Goals (SDGs), so as to cultivate young students' contribution to society. The cognition and value of the environment in order to promote the development of sustainable environmental education in the country and the youth of environmental education, and then build a sustainable environment home.
